

St. Scholastica Academy Curriculum

Below are samples of typical course selections for students in our college prep I, II and pre-I.B. programs. A students may be placed in and enroll in courses from the three different programs. For example, she may be in college prep II American Literature and Pre-I.B. Geometry Honors. Please note the courses in *italics* are elective courses. Students also have the opportunity to take an additional elective course their sophomore, junior and senior year. Many students use this opportunity to enroll in fine arts and information technology courses.
